

IN THE CLAIMS

Please amend the claims as follows:

1. (Original) A band for curing a human body, comprising:

a flexible sheet member coated with an adhesive on a surface thereof;
silver attached to the surface of the sheet member coated with the
adhesive; and
at least one optical fiber attached to the surface of the sheet member
coated with the adhesive.

2. (Original) The band as claimed in claim 1, wherein the silver is silver foil, silver
wire, silver fabric or the combination thereof.

3. (Original) The band as claimed in claim 2, wherein the optical fiber is positioned
at regular intervals between the sheet member and the silver foil when the silver is
made in the form of the silver foil.

4. (Original) The band as claimed in claim 2, wherein the optical fiber is alternately
arranged on the sheet member at predetermined intervals with the silver wires
when the silver is made in the form of the silver wires.

Applicant: Hwa-Soo Hwang
Application No.: Not Yet Known

5. (Currently amended) The band as claimed in claim 1 ~~any one of claims 1 to 4~~, wherein a length of the optical fiber is within a range of 0.1 cm to 2.0 cm.

6. (Original) The band as claimed in claim 5, further comprising a black line disposed on the surface of the sheet member coated with the adhesive.

7. (New) The band as claimed in claim 2, wherein a length of the optical fiber is within a range of 0.1 cm to 2.0 cm.

8. (New) The band as claimed in claim 3, wherein a length of the optical fiber is within a range of 0.1 cm to 2.0 cm.

9. (New) The band as claimed in claim 4, wherein a length of the optical fiber is within a range of 0.1 cm to 2.0 cm.

10. (New) The band as claimed in claim 7, further comprising a black line disposed on the surface of the sheet member coated with the adhesive.

Applicant: Hwa-Soo Hwang
Application No.: Not Yet Known

11. (New) The band as claimed in claim 8, further comprising a black line disposed on the surface of the sheet member coated with the adhesive.

12. (New) The band as claimed in claim 9, further comprising a black line disposed on the surface of the sheet member coated with the adhesive.
